

Job Opportunity: Water Treatment Plant Operator

Location: Lafleche, Saskatchewan, Canada

Company: Town of Lafleche Water Treatment Plant

About Us

The Town of Lafleche Water Treatment Plant takes pride in delivering high-quality, dependable drinking water to a population of nearly 400 residents. Our facility boasts industry-leading technology and modern infrastructure, ensuring our community receives safe and clean water.

Job Description

As a Water Treatment Plant Operator, you will be responsible for the operation and maintenance of our modern Class 3 Ultrafiltration and Reverse Osmosis Water Treatment system. Your primary duties will include:

- Conducting daily water analysis to ensure compliance with Canadian drinking water quality guidelines.
- Reporting directly to the Town Administrator on a regular basis.
- Performing daily collection, entry, and review of operational data to monitor system performance.
- Working both independently and as part of a dynamic team to maintain operational excellence.
- Occasional weekend work required.

Requirements:

- High school diploma or equivalent.
- Level 1 Water Operator certification preferred.
- Strong mechanical aptitude and problem-solving skills.
- Ability to work effectively in a team environment and independently.
- Excellent communication skills.
- Willingness to learn and adapt to new technologies.
- Valid driver's license.

Benefits

- Competitive salary commensurate with experience.
- Comprehensive benefits package, including health and dental coverage.
- Retirement savings plan.
- Opportunities for professional development and advancement.
- The Town of Lafleche will cover the cost of schooling required for certification.

How to Apply

Please submit your resume and cover letter to cao.lafleche@sasktel.net. We thank all applicants for their interest; however, only those selected for an interview will be contacted.
