

**Job Title:** Technologist 2, Non-potable Systems  
**Job Competition:** SW-01-2025  
**Location:** Saskatoon  
**Salary:** \$31.23 to \$39.05 (Pay Grade 7)

Immerse yourself in a team committed to creating trusted and sustainable water solutions for a vibrant Saskatchewan. A team backed by a corporation with over 60 years of experience providing water and wastewater services. That's a lot of knowledge.

But there's more. SaskWater offers an attractive benefits package including employer-funded health, dental and vision benefits, pension, and disability insurance, plus vacation leave, earned days off, and paid family leave and sick leave. At SaskWater you can take advantage of extras such as flexible work options, a tuition reimbursement program, employee family assistance plans, maternity leave top-up and more. H2Wh0a!!

Now that's refreshing! Apply today.

As the Technologist 2, Non-potable Systems, you will provide water to new and existing customers and perform operation and maintenance work within the SSEWS water system, which includes 250 km of canals and 7 reservoirs. You will operate and maintain pump stations and boosters to supply industrial, commercial, and agricultural users. This position is headquartered in Saskatoon. The service area for the position is Hanley/Blackstrap. A truck will be provided for work in the district the position services.

To qualify, you will have a two-year technical diploma. Preference will be given to candidates with a Water Resources Engineering Technology or similar discipline. Certification as an Applied Science Technologist (A.Sc.T.) or Certified Technician (C.Tech) is required to be obtained.

Certification at the appropriate levels in Water Treatment, Water Distribution, Wastewater Collection and Wastewater Treatment is required to be obtained in accordance with the Operator Certification Board requirements or existing industry reciprocity agreements.

You will have a valid Pesticide Applicator's License and Class 5 Driver's License, preferably Class 1A. Where applicable, a valid Saskatchewan operator's license for the appropriate vehicle class of equipment within a district is required.

In addition to the above qualifications the job requires 2 years of experience in the following areas:

- Working knowledge of water distribution, water transmission, open channel flow and reservoir operational issues; knowledge of irrigation practices and principles; and regional district operational and maintenance procedures including pipeline, pump, control valve and canal repair.
- Knowledge of construction practices and procedures.

- Ability to establish and maintain effective working relationships with staff, outside agencies and the public; and develop and maintain a positive corporate climate.

***Special Requirements:*** *The position requires the incumbent to undergo a Criminal Record Check and Drug and Alcohol test. You must be legally entitled to work in Canada. A valid Saskatchewan driver's license is required.*
