

Water Supervisor

Position: Water Supervisor

Organization: Sask. Landing Regional Water Pipeline Utility

Location: Elrose and Kyle, Saskatchewan

Type: Full Time

Closing Date: September 30, 2025

The Sask. Landing Regional Water Pipeline Utility is looking for a skilled and experienced Water Supervisor to lead our operations team. This position is responsible for overseeing daily operations, ensuring compliance with provincial regulations, and supporting the Utility Board in delivering reliable service to our member municipalities.

RESPONSIBILITIES

- Supervise and schedule water operators and staff.
- Oversee operations and maintenance of treatment and distribution systems.
- Ensure compliance with all regulatory standards and reporting requirements.
- Coordinate maintenance projects, system upgrades, and emergency responses.
- Provide leadership, training and technical support to staff.
- Prepare reports and updates for the Utility Board.

QUALIFICATIONS

- Saskatchewan Class 2 or higher Water Treatment /Distribution Operator Certificate.
- Minimum 3-5 years of relevant water utility experience.
- Supervisory and leadership experience considered an asset.
- Strong communication, problem-solving, and organizational skills.
- Proficiency with Neptune 360 systems, MS Office, and reporting software.
- Valid Class 5 driver's license

COMPENSATION

- Salary will be based on experience and qualifications. A comprehensive benefits package is provided.

HOW TO APPLY

- Submit a resume and cover letter to admins@rwpu@sasktel.net by September 30, 2025. Please indicate "Water Supervisor Application" in the subject line.
