

Operations & Maintenance Field Technician

Full-time Permanent

Location - ATAP Infrastructure Management, Saskatoon, SK

Position Description

An employee-owned, Canadian company, ATAP Infrastructure Management Ltd. provides a broad base of operational services in the training, onsite field service, facility upgrade, programming, and circuit rider sectors.

As an affiliated company of Associated Engineering, based on our excellence and dedication, we have been one of Canada's Best Managed Companies since 2008. Associated Engineering provides a broad base of consulting engineering services in the water, environmental, infrastructure, transportation, building, energy, and asset management sectors.

We know it takes dedicated, talented individuals working together to consistently deliver high-quality work and service to our clients. We achieve this by promoting collaboration, investing in our people, and fostering a culture that inspires our people to think creatively while applying best practices. And we want you to join us!

Job Description

We are on the lookout for a talented **Operations & Maintenance Field Technician** with our **Saskatoon** office. You will support ATAP by doing a broad range of project work in the delivery of field services.

Duties and responsibilities will include, but are not limited to, the following:

- Providing field services for projects
- Performing maintenance of field equipment
- Deliver training to clients (may be in classroom, onsite, or online)
- Liaising with regulators, contractors, and vendors for performance of project work
- Providing client, staff, and contractor contact for project requirements
- Ensuring quality and quantity of material required for projects
- Liaising with ATAP staff on proposals and project work
- Assisting in the preparation of project proposals
- Attending group meetings and project meetings
- Business development at onsite, or by telephone, where required

The ATAP office is in Saskatoon, SK, but the successful candidate may be located anywhere in SK, with willingness to travel around the province.

Requirements

What you will bring:

- Minimum Class 2 Operator certification in all the following disciplines: WT/WD/WWT/WWC
- 5+ years of relevant experience
- Experience in conducting water & wastewater field duties
- Excellent organizational skills with a keen attention to detail
- Quick learner
- Committed team player
- Proficient writing skills for the preparation of proposals, reports, and project correspondence
- Ability to work on tight deadlines
- Outstanding verbal and interpersonal skills to support your communication with project teams, contractors, and clients
- Proficiency in MS Office
- Experience working in a technical, contracting, or engineering environment is an asset
- Possess a valid class 5 driver's license
- Willingness and ability to travel

Everyone has their own unique talents, skills, and background. Even if you don't meet 100% of the qualifications outlined above, let us know why you'd be a great fit for this role!

What we offer:

- Flexible working arrangements, including flex time and remote working options
- Competitive salary and benefits, including health coverage, dental coverage, use of our Employee and Family Assistance Program, and company pension program that matches your contributions
- Culture that promotes accessibility and respect, through our company-wide Diversity & Inclusion Committee, WISER Committee, and other initiatives
- Culture that promotes sustainability, through our numerous local Eco-Action Committees, and company-wide Climate Change training
- Ongoing support for your professional development and personal growth through our Mentoring Program, Continuing Professional Development training hours, professional designation support, and Young Professionals Club
- Work environment that focuses on your health, safety, and overall wellness, including our local Wellness Clubs, and annual Fitness Allowance. The safety of our employees is paramount. We are also COR® (Certificate of Recognition) safety certified.
- An active Social Club, Book Club, and other social and networking opportunities (including our biennial company-wide Olympics), Lunch-and-Learns, and community volunteer initiatives

We are confident that you will achieve your career and personal goals by joining ATAP Infrastructure Management Ltd. Learn more about us here: <http://www.atap.ca/>
